Join us for a comprehensive exploration of our apprenticeship opportunities!

You are cordially invited to our open day and evening, where you will be afforded the opportunity to tour our facilities and gain valuable insights into what our Nylacast apprenticeship experience entails.

Given the limited availability, we advise you secure your spot by booking in advance.

Under 21's are welcome to bring a parent/guardian along with them.

Open Day Agenda:

- Introduction & Health & Safety Brief
- Overview of Apprenticeship Scheme (Nylacast & Leicester College)
- Tour of Site and Training Facilities
- Time for Questions
- Refreshments with a chance to have a one-to-one with the Managers and/or Apprentices

"A valuable learning experience which gives great insight into precision engineering"

Nylacast Group

Engineered Polymer Solutions

A few words from our current apprentices

"Throughout my apprenticeship, I had the opportunity to gain a wide range of business knowledge and develop many new skills."

"The Nylacast Team genuinely care about your development and want to build you a career, not just an apprenticeship."

"People were always willing to help me during my apprentice; this led to me expanding my knowledge in so many areas."

"My apprenticeship at Nylacast allowed me to gain firsthand exposure to the operations of a multinational corporation."

Apprentice Jobs Available:

- **CNC Apprentice Engineer**
(X 6 spots available)
- **Fabrication Apprentice**
(X 1 spot available)
